

HIGHLIGHTS

DIGIPASS 301 Comfort Voice provides acoustic or speech-based feedback that enables users to enter data and convert one-time passwords (OTP) into speech transmitted through Comfort Voice's internal speaker or headphones.

DIGIPASS 301 COMFORT VOICE

Digipass 301 Comfort Voice provides unparalleled secure accessibility to online banking and e-commerce services for visually impaired users.

Digipass 301 Comfort Voice provides speech based user guidance and acoustic or speech based feed-back of entered data & selected functions. Additionally it converts generated one time passwords into speech. The speech is heard through the Digipass 301 Comfort Voice's internal speaker or headphones.

With Digipass 301 Comfort Voice blind or visually impaired people can do exactly what sighted people have been doing for some time: secure online banking and e-commerce transactions, enabled by OneSpan's trusted authentication solutions.

Digipass 301 Comfort Voice offers the same secure remote access, authentication and signature functions as other Digipass family members. Digipass 301 Comfort Voice does have a large display depicting large fonts and its keys are extremely easy to operate. Additionally Digipass 301 Comfort Voice speaks every text displayed visually on the Digipass screen out loud and provides acoustic or speech based feedback of every key pressed on the Digipass keypad.

Digipass 301 Comfort Voice is compatible with all Digipass family members.
