From digital onboarding to fraud mitigation to workflow management, our services are designed to meet the needs of regulated industries by combining excellent user experiences with the highest levels of security.

### PLAN OPTIONS

OneSpan offers a variety of extended plans with options that range from standard maintenance and support to those that include direct access to a Senior Support Specialist.

### REDUCED RISK

We help you reduce your implementation and deployment risk. We provide you with the assistance you need to fully leverage our solution.

### INCREASED ROI

Our mission is to minimize business disruption, maximize protection, and increase the value of your investment with our extended support plans.

## Around the clock self-service to drive your business forward

At OneSpan we care about your customer experience. We strive to increase our customer engagement and satisfaction by offering you the right tools to realize your business goals quickly.

OneSpan's Customer Support Portal is your 24 x 7 gateway to answers and information. Browse our knowledgebase for faster answers, submit support requests, and follow up the status of your support cases online.

OneSpan's Trust Center gives you real-time updates about the operational health and scheduled maintenance of OneSpan's cloud solutions.

OneSpan's Community Portal is the place for developers, administrators, and end users to build secure digital customer journeys. Our community portal is created to help you get your product knowledge and integrations up to speed and includes a sandbox development area, a document resource center, support tools, a code sharing center, and a community forum.

## Support plans aligned to your requirements

OneSpan's customer support offering provides a range of support options designed to meet the unique needs of your business. With business-critical support options and 24 x 7 availability, we strive to deliver rapid resolutions to facilitate your success. Our experts have vast experience across use cases and channels and support you through every step of your digital transformation to help you secure the digital customer journey, mitigate fraud, and strengthen compliance.

We offer four types of support plans:

**Essential Support:** an annual agreement for support services during regional business hours. We recommend this support plan for non-business critical applications.

**Premier Support:** an annual agreement for 24 x 7 support services including accelerated service level commitments for initial response, status updates, and incident resolution. Premier support is recommended for business critical applications.

**Elite & Elite Light Support:** an annual agreement that comprises all benefits of the Premier Support Plan and additionally includes a designated support specialist, higher priority response, support service review, and on-site preventive maintenance. We strongly recommend
